

Forest Enhancement Society of B.C. Announces Appointment of Chris Stagg to the Board

Press Release | May 2, 2019

KAMLOOPS, B.C.: The Forest Enhancement Society of B.C. (FESBC) is pleased to announce the appointment of Chris Stagg, RPF, to the Board of Directors.

Chris is currently the Assistant Deputy Minister with the Ministry of Forests, Lands, Natural Resource Operations and Rural Development.

The FESBC Board is responsible for the strategic direction and performance of the Society. The Board reviews and approves annual operating plans and budgets including the review and approval of proposed forest enhancement projects.

“Chris brings a wealth of knowledge and experience to this new role with FESBC”, said Wayne Clogg, FESBC Board Chair. “His background in both government and industry will certainly strengthen our organization and the FESBC Board and staff are pleased to welcome Chris to the team.”

Equally enthusiastic about the new opportunity is Stagg.

“I am excited to join an organization that does such important work,” said Chris Stagg. “FESBC is a leader in funding projects which help fight climate change, reduce the risk of wildfires, enhance wildlife habitat, and build and ensure future timber supply. FESBC does this work in consideration of social and economic benefits for communities and Indigenous peoples. I am pleased to join this team and look forward to contributing as a Director on the Board.”
